

ASSEMBLY INSTRUCTIONS

1. Unwrap your standard Tiki-brand torch and remove the canister.
2. Thread the cord through the bulb support cage, then through the torch from the top.
3. Squeeze the plug and switch through the slats under the torch basket
4. Seat the bulb cage on top of the torch basket. It will rest there, and the skull will hold it in place.
5. Screw the bulb into the socket and settle it into the cage.
6. Place the skull over the torch basket, turn on your lamp, and enjoy the forbidden glow.
