

ASSEMBLY INSTRUCTIONS

1. Secure the cleat into the wall. The point of the cleat should face away from the wall.
2. Line up the cleat with the space on the back of the skull, and hang it on the wall.
3. Thread the cord through the top of the skull.
4. Screw in the bulb and seat it inside the skull.
5. Place the flame insert over the bulb and settle it firmly into the hole in the skull.
6. Turn on your lamp, and enjoy the forbidden glow.
